

East Cambridgeshire District Council

Withdrawal of Plastic Bottle Kerbside Collections

We regret that plastic bottle kerbside recycling collections in East Cambridgeshire will be withdrawn from Friday 26th March 2010.

Why is the service stopping?

The District Council has faced a very difficult financial situation and has had to make savings to meet its budget deficit of £1.65m for 2010/11. Unfortunately the plastic kerbside collection is being withdrawn to help achieve these savings.

Last collection dates

Your last collection will be on your usual recycling collection day during the two weeks ending on Friday 26 March. Please do not put plastic bottles out for recycling collections after this time as we will be unable to collect them.

How can I continue to recycle plastic bottles?

Please recycle plastic bottles in recycling banks around the District. Bank locations can be found on the Council's web site at www.eastcambs.gov.uk or by using the contact details provided below.

Other recycling collections will be unchanged, please continue to recycle all that you can.

We apologise for the inconvenience caused by the withdrawal of this service.
