Have you heard about Care and Repair?

A non-profit making organisation based in Soham, helping elderly and disabled people organise building works to their own homes for 12 years, funded by District Council, social Services, Health Service and charities. The building works may be large or small from extensions to dangerous electrics, from a leaking flat roof to a level access shower. The aim is to ensure that people remain at home in security and safety. Help is available to apply for grants from the local authorities to those entitled to receive them. District Council can also provide loans for large repairs. Costs are always agreed before proceeding with any planning or arranging building works. If you would like to find out more please contact:

Care and Repair East Cambridgeshire Ltd, Telephone 01353 723777.
